

The Little Moon Raven

A young bird finds the strength to overcome bullying. Little Raven was last to hatch in the nest and the last to learn to fly, but he was the first to be teased and ridiculed. His only wish was to fly and play with the others, so one day he took a dare and, to show his courage, Little Raven decides to fly to the moon. Beautifully produced and with artwork from an acclaimed illustrator, this picture book gently handles the issue of wanting to find acceptance.
