

AC/DC: Dirty Deeds

With interviews from Bon Scott and Angus Young, plus the inside story from Pete Way of UFO who toured with the band, this is essential info for all AC/DC fans. Drawing together a team of AC/DC insiders, this unique DVD and book combination offers the ultimate critical review of a legendary band, from the early days playing obscure clubs to conquering the world. For many fans, Bon Scott was a legendary frontman without equal, and his powerful voice was the key to a host of classic hits from Whole Lotta Rosie to Let There Be Rock. After his tragic death, the virtually unknown Brian Johnson stepped into the breach, and AC/DC came storming back with the classic album Back In Black. The book also features an in-depth biography of the band, a chronology, and a track-by-track analysis of AC/DC's studio albums.
