2006-2007 Red Cedar Book Award Nomination
Childrens Crown Award nominee
For the first month of her life, Amber lives only in the den she shares with her four brothers. When at last they are ready to leave the den in late spring, Amber and the other kits overcome their fears quickly. In no time they are tumbling over each other in their eagerness to explore the delights of the world above. But playtime will soon be over. As the summer flies by, Ambers parents teach the lessons that are crucial to their survival. Foxes have many enemies, and they must learn to outwit foes stronger and faster than they are. By fall, Ambers parents have left, and her brothers have gradually gone their separate ways. Amber still has much to learn. Driven by hunger and fear, she will use every instinct and intelligence she possesses to feed herself and stay safe. One day she will be ready to find a mate and raise a family of her own. Author Shirley Woods love of the natural world shines in this accurate portrayal of a young foxs life. A wealth of factual information about foxes is carefully woven into a story filled with adventure and suspense.
