

Rockets (You Can Draw (Gareth Stevens Paperback))

Budding artists learn how to draw many kinds of super space machines, including a space shuttle, Mercury-Redstone, and the Blue Flame. A comprehensive list of materials and helpful tips on how to make a drawing your own, this book features direct, step-by-step instructions that guide readers from a simple pencil drawing to a truly unique finished work of art. Colorful illustrations and fun facts about individually featured rockets accompany each chapter.
