

# Fireball Tims BIG BOOK of Wacky States!

Inspired by a Video News Segment discussing the inability of some fifth grade students to name their State of residence, Fireball Tim decided to illustrate these crazy images for all 50 States that incorporate fun State Facts with the hope that young children will learn about what makes the US so great! Each page has a wire diagram of the US, with the State flag next to the page number. As in his prior book, Fireball Tims Big of Wacky Rides, Fireball draws fantastically fun images of animals, inanimate objects and vehicles, all with the goal of creatively educating us about our 50 States!
