

# Incredible Experiments with Chemical Reactions & Mixtures (Magic Science)

Fascinating scientific concepts are simplified and explored in ways that kids will enjoy in the Magic Science series. Each book presents 16 simple experiments that can be performed with common objects found around the house. Incredible Experiments with Chemical Reactions & Mixtures explores concepts like water density, oxidation, and more are explored using simple household materials. Each experiment includes illustrated, step-by-step instructions and a simple scientific explanation of what is happening during the experiment. Full-color illustrations on each page.
