

Architect Like a Star: Never let the recession beat you again - A self help guide for architects

Are you running an architectural practice and getting stressed running around chasing work & clients? Are you just not making any money? Do you want a new and better way of working? If you answered yes to any of these questions then you should be working like a star and read Architect like a star This new book is a pocket business guide for architects and all designers to Work like a star and contains a method of working that is infallible in ensuring you get paid, in advance and in full without stress. The way to work is like a star and Architect like a star explains how you can: Adopting Star principles in your business Running your practice more profitably Reduce stress Increase profit Never let a recession beat you again Written principally for architects (by an architect with nearly 30 years of experience as well as a whole range of other businesses), Architect Like a Star is the ideal companion to make sure you never get beaten by a recession again and retain your sanity at the same time. Architect like a star is also highly applicable to other similar service orientated jobs such as Engineers, Interior Designers, Landscape Architects, even web and software designers.
