

The King of Little Things

Long ago in a faraway realm, the King of Little Things ruled happily over all things small—from buttons to beetles, from marbles to macaroni. When King Normous thinks he has finally become the ruler of all the world, he is enraged to learn that the King of Little Things still reigns happily in his tiny kingdom. Normous sends his army to defeat this upstart, but he finds he cannot outfight or outwit a king who holds sway over the little things of the world. After all, it is the little things that keep the big things going.
