

# Leonardo da Vinci: The Amazing Genius Inventor and Artist Who Was Hundreds of Years Ahead of His Time

Discover the incredible life of Leonardo da Vinci. He created some of the most famous paintings of all time and invented things that were centuries ahead of their time. This childrens book will show you why Leonardo da Vinci is one of the most influential artists and scientists in history. As a painter, Leonardo created the Mona Lisa, probably the most famous painting of all time. Centuries later, it is now seen by millions of people every year in the Louvre Museum in France. You cant touch it, though. It is behind bulletproof glass! As an inventor, Leonardo designed inventions that were hundreds of years ahead of their time. He drew plans for bicycles, helicopters, parachutes, diving suits, and even airplanes - when no one else even imagined that such things were possible. Leonardo even designed an armored robot! Read this book and discover... \* Why Leonardo is one of the most important people in history. \* How Leonardo invented the airplane - 400 years before the Wright brothers first flight. \* Why Leonardos drawings of the human body were so incredible. \* How Leonardo came up with so many amazing ideas that were far ahead of his time. \* How Leonardo became so famous and respected... despite only having a basic education. \* How Leonardo can inspire us to use our imagination to achieve our dreams. So start reading and discover why Leonardo da Vinci is one of the most amazing and important persons of all time.
