

# No One Saw

With a simple, rhyming text and beautifully reproduced paintings, NO ONE SAW explores modern art. Each painting highlights the way in which the artist looked at the world in his or her own way. One look at the oversized details of her calla lilies convinces us that no one saw flowers like Georgia O'Keeffe. A city becomes art when looked at by Kandinsky. And Miro shows us the flight of a bird like we've never seen it before. The message is a clear one: no two people see the world in exactly the same way. There is beauty waiting to be seen and shared by you, so be creative and, more important, be yourself!
