

The Usborne Big Book of Big Animals

This is a great big book crammed with huge illustrations and facts about some of the biggest animals on the planet. Each gorgeously illustrated double page is arranged in exciting themes, including the largest creepy crawlies, most dangerous animals and biggest marine creatures. With each animal drawn to scale, the readers will be given an idea of just how huge they really are. The final page reveals some record-breaking animals, including the bird with the biggest beak, the worlds largest hunter and which species lays the largest eggs. The book contains pull-out concertina pages and double-door gatefolds which open out to reveal the truly stunning size of some of the worlds creatures including the magnificent blue whale.
