

Women Management And Leadership Skills: Inspire, Motivate, And Gain The Respect Of Your Peers

Women have quickly caught up with men in terms of education and overall job qualification. Women are just as educated and experienced as their male counterparts. So why are most leadership positions still given to males? Why are women being passed over when leadership positions become available? This book will explain why this phenomenon is occurring and why the careers of many women stall before they reach positions of power. We will show you why this phenomenon exists and how you can separate yourself from this trend and realize your true potential. We will show you how to avoid plateauing and the mistakes that most women make that lead to their careers peaking way before they reach their prime. This book will show you different ways to become an effective leader, manager, and powerful woman. Each chapter will be devoted to teaching you new skills and honing the techniques that women who are in powerful positions utilize each day. We will show you how to take risks, pursue goals, and lead with authority. We will also show you numerous pitfalls and techniques you can utilize to avoid falling into these traps. So download now and learn the techniques women are using to increase their influence, wealth, and leadership abilities in different job fields.
